

A colorful illustration of a young boy with white hair and a blue headband, wearing a white lab coat over a striped shirt. He is sitting at a wooden desk in a laboratory setting, looking down at a small electronic device. On the desk are various tools: a magnifying glass, a pink container holding a screwdriver and other small tools, and a small blue button. In the background, there's a large blue chair with a teddy bear hanging from its backrest, and a window showing a ship at sea.

Fran je znatiželjan mali znanstvenik.  
Bio je silno zaposlen u svom  
laboratoriju pokušavajući izumiti  
nanobrod kojim bi se moglo  
istraživati vrlo male prostore.

Njegov je prijatelj Lovro  
tih ušao u laboratorij  
i tužnog lica strpljivo  
čekao uz vrata. Nije želio  
smetati prijatelja.
